Lancaster Farming, Saturday, August 7, 1965

\$2 Per Year

Karen Kuipers Named Lanc. Co. Poultry Queen

Miss Karen Lynn Kuipers, recently chosen Miss New Holland, was selected this week to represent the Lancaster County poultry industry as Poultry Queen. She will carry the county's banner into traditionally tough competition as she strives for the state title during the Poultry Festival at Hershey, August 24-29. The current state title holder is Lucy Jane Frye of Pineville, Bucks County.

Miss Kuipers is the 17-year-old daughter of Mr. and Mrs.

Risser Cow And Frey Herd Head June DHIA List

A registered Holstein cow owned by A. H. and J. K. Risser of Bainbridge R1 completed the highest 305-day lactation in the Red Rose Dairy Herd Improvement Association during June. She produced 16,803 lbs. of milk and 834 lbs. of butterfat.

High herd honors for June went to Furry H. Frey, 1343 Gypsy Hill Rd., Lancaster, for a butterfat average of 64 lbs., and a 1623 lbs. milk average on his 317 registered and grade Holsteins.

Second high cow completing her lactation in June was owned by Paul E. Nisley & Son, Bainbridge R1. She produced 21,575 lbs. milk and 801 lbs. of fat.

The herd of Christ L. Stoltzfus, Honey Brook R1, was second high butterfat herd for June with an average of 61 lbs. This registered and grade Holstein herd also averaged 1718 lbs. of milk for the period.

4-H County Dairy Show Paves Way To District Meet For 4 Local Youths

by Everett Newswanger, Staff Reporter

There was a lot of activity for Lancaster County 4-H Dairy Club members Tuesday and Wednesday of this week at the Guernsey Sales Pavilion, Lancaster, when 120 youthful showmen led their prize dairy projects before judges John Harris, Dauphin County associate county agent (type judge); Richard Baily, Bucks County agent (showmanship judge), and Joe Way, Montgomery County agent (fitting judge). When the show was over a whole new county slate of breed type, showmanship and fitting champions were recorded as well as 4

local fellows sent on their way to the Southeast Pennsylvania 4-H District Dairy Show to be held at Hershey, Friday, August 27.

COUNTY FITTING AND SHOWMANSHIP CHAMPIONS

Donald Bollinger repeated last year's feat by becoming the grand champion showman of the round-up. Donald is the son of Mr. and Mrs. Elam Bollinger, Manheim R1.

The grand champion fitter of the two day affair was Earl Stauffer, son of Mr. and Mrs. Clarence Stauffer, Ephrata R1.

Reserve grand champion fitting honors went to Nancy Stol-

(Continued on Page 8)

Martin Shows Grand Champion At FFA Swine Event; Cloister Takes Rotating Plaque 3rd Time

Ken Martin, Denver R1, showed a 205-pound Yorkshire barrow to the top of a 161-head field at the Future Farmers of America annual hog show held this week at the Lancaster Union Stock Yards.

David Heisey, 19-year-old son of Mr. and Mrs. Samuel Heisey, Sheridan R1, took the reserve championship with his 210-pound Duroc-Spotted Poland China crossbred.

At the sale of the show stock, Martin's entry was bought by Kunzler & Co., Inc. for 50 cents per pound. The reserve crossbred was bought in by the Walter M. Dunlap & Son firm at 37 cents per pound. Hogs at the sale averaged 216 pounds, and sold for

an average of \$26.86.

For the third straight year, the Cloister FFA Chapter of Ephrata High School walked off with the "Best Chapter" plaque. There is no permanent possession of this trophy, it is designed to rotate from year to year, but it can't seem to get past the Cloister boys.

Martin, immediate past president of the Pennsylvania Future Farmers, and the son of Mr. and Mrs. Aaron Martin, also won breed championships in the Landrace and Chester White divisions.

Other show winners were:

YORKSHIRE

Lightweight — 1, Kenneth Zimmerman, Grassland; 2, Fred Kleider, Solanco; 3, John Frey, Solanco; 4, Carl Sieglist, Manheim; 5, Marvin

A Solanco Youth, Earl Wenger, In Contention For County Star Farmer Award

(Editor's note: This is the concluding feature on the five FFA candidates for the County Star Farmer degree. In review, they are Glenn Weber, Clifford Bollinger, Dale Herr, Thomas Zartman, and Earl Wenger.)

Earl Wenger's main farming interest is dairy. To date, he has made a substantial start on dairying as a career by accumulating an inventory of 11 registered Holsteins — six cows and five heifers, which he values at a minimum of \$3500.

Earl lives with his parents, Mr. and Mrs. Paul Wenger, on the family's 550-acre dairy farm in the Quarryville area.

They are currently milking 66 cows of a total herd of 80 registered and grade Holsteins. No cash crops are raised on the 300 cultivated

PFA Organizes A Hay Listing Service

The Pennsylvania Farmer's Association has inaugurated a "Hay Listing Service" as another service-to-member program, according to Robert Hess, president of the Lancaster County Farmers' Association. Implemented because of the four year drought in many parts of the Commonwealth, the new service is especially designed for PFA members desiring to purchase hay.

Some parts of the State have had rain and farmers

Lancaster County Poultry Assn. Plans County Field Trip

The Lancaster County Poultry Association has announced plans for its annual field trip. This year the plan is to stay within the confines of the county.

Air-conditioned buses have been lined up for those who will want to use this form of transportation. The fare will be \$150, and buses will load up at the Lancaster Shopping

"THE OLD DEPENDABLE" — SECOND TO NONE

the difference is  in the direct-drive!

Direct-drive ventilation units, on small diameter ventilation equipment, is not new. They have been produced before, by Aerovent as well as others. Direct-drive power on quiet, high volume, large diameter poultry and livestock ventilation equipment is new. Through research and development, Aerovent leads the way as it always has done in the past to never, better and more economical ways to deliver clean, fresh air to poultry and livestock houses in adequate quantities, as needed, at the lowest operating cost. And the big difference is in the direct-drive power.

Working with a major motor manufacturer, Aerovent developed and produced 30", 36" and 42" diameter direct-connected units that would do their jobs. Aerovent's seven direct-drive Venti-Pack models, from 14" to 42" diameter, can produce from 1,620 to 12,970 cubic feet of air per minute while reducing average operating costs about 5 per cent. Stated another way, this means the operator gets 5 per cent more air with the same power input to the unit. There is no shaft, no belt, no sheaves in a Venti-Pack. Fewer maintenance problems. More profit. We can prove it.

Weekly Poultry Report

Eastern Pennsylvania And New Jersey WEEKLY SUMMARY

LIVE HENS

Prices were unchanged on light type hens. Undertone steady to firm. A good demand easily cleared available local offerings. In instances supplies were secured from outside areas to fill needs. Trading limited on heavy type. Supplies were generally sufficient. Prices paid at farms: Light type hens 6½¢, mostly 7-7½¢; heavy type hens 15-16, mostly 16¢.

TURKEYS

A few small lots of heavy type hens purchased at 25¢. Supplies adequate.

Fogelsville

August 3, 1965

(Prices for dock weights, cents per lb. except where noted.)

Hens, light type 7-9½, 7-8; Hens, heavy type 7½-16½; Pullets 10-30½, 25-26; Roasters 10-25½, 20-25½; Turkeys, hens 29-61; Rabbits 21-37, 27-35; Guineas 50-90, 72½-80; Pigeons (per pair) 30-75, 40-55; Jumbo Squab 70. Total coops sold: 1114.

Eastern Shore Exchange

Broilers and fryers live prices on the Eastern Shore Exchange averaged 16.48 cents per pound this week, up .39 cent from the preceed-

ing week.

Prices paid ranged from a low of 16.2 on Tuesday to a high of 16.6 cents on Monday, Wednesday and Thursday.

Sales for the week totaled 1,882,100 head, up 96,800 head from last week's sales.

Delmarva

August 6, 1965

Delmarva live broiler and fryer prices were mostly unchanged. Live supplies were adequate on 3½-4 lb. sizes, but short on weights of 4-4½ lbs.

Ready-to-cook demand was fair, with plant offerings barely adequate.

Estimated slaughter for this weekend was 842,500 head, down 13,500 head from last weekend.

In the 24 hours preceding market close on Friday, broilers and fryers live prices ranged from 16.0-17.1 cents per lb. on sales of 1,196,500 head.

Chicago

(Continued from Page 2)

From Where We Stand . . .

Too Much Slush In The Fund?

One does not customarily think of the federal government, by nature, as a large "advertiser". But one had jolly well better begin thinking about it, or else be prepared to accept it as a way of life!

The Department of Agriculture, is a case in point. The Department was charged this week by Charles Shuman, president of the American Farm Bureau Federation, with the use of government funds to propagandize the Administration's pet farm bill, which is now pending in Congress.

Shuman said in a letter to Secretary Freeman that reports from all parts of the nation "show conclusively the expenditure of large sums of public money in efforts to induce farmers to influence their representatives in Congress to vote for this ill-advised legislation . . . the expenditure of government funds to propagandize the citizens is an illegal, immoral, and unethical use of public money and power," Shuman stated.

We have no question that Shuman's charge is accurate and warranted. But it does bring the question to mind as to just how the Department handles and accounts for such expenditures. Is "propaganda padding" included in each appropriation as a retailer's "mark-up" to cover the costs of doing business? We are well aware of the suffocating quantity of USDA press releases that must be sent out daily just by the number that cross this desk. So they own the Post Office, but somebody's got to be paying the tab. Guess who?

Are these programs that are being developed for us by Papa Government so bad that Congress can only be persuaded to pass them by such means? Has the Administration so little faith in the products they are "manufactur-

ing" that they have to hide each one from public and Congressional view by wrapping it in reams of paper as one might a dead fish whose odor it was desirable to hide? Well, brother, if the programs are that rotten, no amount of paper is going to change their smell!

So, wherever the slush money is coming from, and of course it must originally come from your pocket and our's, isn't it about time we called a halt to this sort of waste? "lbj" can coerce all the Congressmen he wants to in person or on the telephone, but it's about time the Administration, and in this case the Department of Agriculture, stopped using civil servants and government agencies to propagandize private citizens.

What Do YOU Think?

★ ★ ★ ★ And The Rains Came

A sudden spurt of hope swept over Lancaster County this week — hope that the long drought that has plagued us these past three and one-half years has suddenly dried itself out. Through July, it surely looked as though we had at least one more arid year to endure. Now — well, maybe we're over the hill.

At least in the central part of the county the reports are looking up. We ended July with a rainfall deficit for the year of approximately two inches, even though July put down some very beneficial moisture at a crucial time. Then August was washed in with another two inches of the welcome stuff.

The experts say that if we can get a couple more inches on the ground in August we're going to have the best corn and tobacco the county has produced since 1961.

So, let her rain, we say!

God Accessible

Lesson for August 8, 1965

Background Scripture: Mark 1:35, Acts 2:46-47, Colossians 3:16-17, Hebrews 10:19-25.
Devotional Reading: Psalm 84:1-10.

EVERYBODY HAS a god of some kind. What we worship has all the marks of God, or a god. Even the professed atheist has a god of sorts. Martin Luther remarked once: whatever a man hangs his heart on and depends on, that is his god. Sometimes a man's god is himself. Henley's poem "Invictus" shows us in a few lines the heart of a man who had been beaten up in the battles of life, but still he thanks "whatever gods there be for my unconquerable soul." It is quite clear that Henley really hung his heart on himself and depended on himself rather than any god that religious people would be thankful for.

God in the Dark

Human beings are not to be classified into believers in God on one side and non-believers on the other. The division ought to be between those who worship and serve the true God and those who worship some other kind. One of the first questions to ask if you want to find out about a man's religion would be: Is your God accessible? There have been men in all ages, probably, who believed in some sort of god but never tried to make contact with him. In darkest Africa before the white men came, the natives in many if not most tribes had two religions, as a famous missionary pointed out. They had (so to speak) their every-day religion with doll-gods called fetishes, but they were also dimly aware of a high god, a sky-god. They seldom if ever prayed to this God, they just felt he was there.

God in the Light

The ancient Hebrews, God's Covenant people, had traces of

the idea of God in the dark. The room where his "seat" was in tabernacle or temple was a room without windows or lights. No one was allowed to enter that room except the high priest and he only once a year. The mystery and even terror of that God loomed strongly in the worshipper's mind. But for all that, God was also a God of light. His people could pray to him. The very fact that they made covenants or agreements with him, whether he was visible or not, showed vividly in the prophets' messages and in other ways.

God Accessible

The writer to the Hebrews, in the New Testament, makes a strong distinction between the accessibility of God as it was in older times (the days of Moses, for example) and since the coming of Christ. Instead of being a hidden god, to be reached on special occasions by special people, he now lives just beyond the door of worship. More than once in Hebrews the throne of God is mentioned, but no longer a throne in the dark. Christ is the one who has made the throne of God accessible. God is no longer the silent god, he speaks to us, and what he says can be summed up in one word: JESUS. God does indeed sit on the throne of the universe; but that throne is as near as your next prayer. Once and for all, there has come a Light of the world, and in time this Light will control and destroy the darkness. God had been known as the Creator of men, and as the Judge of men, but now he is to be known, in a transforming way, as the Companion of men. All persons long associated with one another come to be very much alike. So those who are companions or friends of Christ come to resemble him in thought and action. If a man or woman lives deeply and intimately with the Father of our Lord Jesus, seeing life as Christ saw it, living as he lived it, Christ will be shared with more and more people. If any man would master the art of living, he must meet and live with the Master of Life.

ATTEND THE CHURCHES OF YOUR CHOICE ON SUNDAY

Now Is The Time . . .

To Seed Alfalfa

Early August is one of the good times to make a seeding of alfalfa; the other time to make a straight seeding without any nurse crop would be early spring (late March or early April). The ground should be well prepared, fine, and firm. The band seeding method is strongly recommended in order to get faster growth of the alfalfa seedlings. Early August seedings have a much better chance of winter survival than seedings made in late August or early September.

To Prepare For Winter Oats

Local farmers who are planning to grow a few acres of winter oats should be planning to seed about the middle of September; winter oats will do much better on well drained land with less danger of winter killing. Norline or DuBois are the two recommended varieties for this area.

To Plan For Extra Silage Storage

Livestock producers who do not have sufficient silage storage might consider a trench or bunker silo for extra space. In most areas of the county the corn crop looks promising and the making of the corn into silage is the best way to harvest the maximum number of feed nutrients per acre. Plans for these horizontal silos are available at the Extension Office.

On May 24, 1830, the first train drawn by a steam engine rolled down 12 miles of track on the B. & O.

To Renovate Old Pastures

Many permanent bluegrass pastures will be more productive if they are renovated and seeded down to some of the higher producing grasses. The old sod should be plowed, or disced several times, during August so that the new pasture mixture can be seeded during late August or the first few days in September. A complete soil test will show the lime and fertilizer needs that ought to be worked into the soil before seeding. Grasses such as Penn-late Orchard, Bromegrass, or Reed Canary are adapted and will give more growth during the summer months.

MAX SMITH

MARKET EGG PRODUCERS

EFFICIENCY PAYS

DO YOU KNOW THAT:

- A 12½% improvement in feed required per dozen eggs equals a saving of approximately \$350.00 per 1000 hens.
- That our Early Bird All Mash Laying Feeds will definitely produce BETTER SHELL QUALITY over the laying year?
- That each ½% improvement in breakage can improve your income by \$36.00 per 1,000 hens housed?
- A price improvement thru BETTER GRADE of ½ cent per dozen amounts to approximately \$100.00 per 1,000 hens housed?
- If your feeding programs gives you 1% better hen house liveability and ½ dozen more eggs per hen housed, it can mean as much as \$175.00 extra return per 1000 hens?
- That GOOD records pay big dividends? Without accurate records you CAN NOT fairly judge the value of your program?
- That it's not the START, it's the FINISH that counts.

May We Help You Do A Better Job?

● Field Trips

(Continued from Page 1)
Center at 8 a.m. on August 18.
First stop will be the new
Pensupreme Dairy plant just
off the Route 230 Bypass. The
group will be shown the
latest methods of milk pro-
cessing being used in the Lan-
caster area.

Second stop will be in New
Holland at the New Holland
Machine Co., one of the largest
manufacturers of agricultural
equipment in the county, with
world-wide distribution.

Next, a lunch built around
fried chicken and selling for
50c per person will be served
in the New Holland Commu-
nity Park. Anyone wishing to
bring their own picnic lunch
is welcome to do so.

After lunch, the group will
tour Weaver's poultry pro-
cessing plant, where they will
see broilers in various stages
on their way to the house-
wife.

Final stop will be at Tur-

key Hill Dairy at Creswell.
This operation is in the pro-
cess of expanding to 400
cows, or more, and the new
buildings under construction
represent some of the latest
ideas around.

Everyone is welcome to join
this tour, the Association ad-
vises, but if you desire bus
transportation, and/or the
chicken lunch, you must make
reservations by August 14,
at the latest. You can do so
by calling Paul Hiestand,
Marietta, 426-9301, or, Don
Timmons, Lancaster, 394-3047,
or, by writing to Keener Poul-
try Farm, Elizabethtown R1,
and letting them know your
wishes.

It is estimated that if pesti-
cides were to be completely
withdrawn from farm use, crop
and livestock production in the
United States would drop to 25
to 30 per cent, says J. Ross
Fleetwood, state extension
chemical leader at the Univer-
sity of Missouri.

If flies are about to drive your cattle crazy,

then you better see us fast for

ORTHO DIBROM

1% Fly Spray

If you're sick and tired of fooling around with
weak, half-hearted fly sprays, then you're ready
for DIBROM. Minutes after you spray, every fly
that's been hit will be dead or dying. When DI-
BROM hits 'em, they stay hit. Even if they're re-
sistant to other sprays.

DIBROM is registered to spray over and around
cattle. In fact, Dibrom in emulsified form is even
safe to spray on food crops, up to four days of
harvest.

It's easy to use, comes to
you ready-mixed and gives
you real economy. Sure, it
costs a little more than
your pyrethrin sprays, but
you'll find that it gives a
lot better kill. So when all
is said and done you wind
up getting back a lot more
of the money that flies
have been costing you in
reduced milk and meat
production.

Come in and see us . . .
we'll be glad to show you
how to go after flies like
you mean it . . . with
ORTHO DIBROM.

SUMMER COOLERS

SPENCE

PEANUT BUTTER MILK
6 cups whole fresh milk
2 tablespoons sugar
1/2 cup peanut butter
Vanilla, if desired
Beat with a rotary beater until well mixed. Chill. Serves 6.

MILK TEA COOLER
4 scoops vanilla ice cream
3/4 cup instant tea

1/2 cup pineapple juice
1/4 cup sugar, optional
4 cups milk
Pineapple wedges

In a mixing bowl combine ice cream, tea, pineapple juice and sugar; beat until thoroughly blended. Gradually add milk. Pour into glasses and garnish

with pineapple wedges, if desired. Serve immediately. 4 servings.

CARAMEL FLOAT

1/2 cup sugar
1 1/2 cups boiling water
3 egg yolks
2 tablespoons sugar
3 cups milk
3/4 cup half and half or light cream
1/4 teaspoon salt
Scoops of vanilla ice cream (optional)

In a heavy skillet over medium heat caramelize 1/2 cup sugar (becomes amber-colored liquid). Gradually pour in boiling water and stir until sugar is dissolved. Chill. In a mixing bowl beat egg yolks until thick and lemon-colored; add 2 tablespoons sugar. Gradually add milk, beating at low speed; add half and half or light cream, salt and caramelized sugar. Top each serving with a scoop of vanilla ice cream, if desired. Makes about 5 cups.

BANANA ORANGE FLOAT

1 ripe banana
2 scoops orange sherbet
1 teaspoon sugar
Dash of salt
1 1/2 cups milk
Scoops of orange sherbet (optional)
Using electric mixer or

blender combine banana, sherbet, sugar and salt; beat until smooth. Gradually add milk and beat at low speed until blended. Top each serving with a small scoop of orange sherbet, if desired. Makes about 2 cups.

RASPBERRY-LEMON FLOAT

1 tablespoon seedless black raspberry preserves
2 scoops lemon sherbet
Dash of salt
1 1/2 cups milk

Scoops of lemon sherbet (optional)

Using electric mixer or blender combine raspberry preserves, lemon sherbet and salt, beating until smooth. Gradually add milk and beat at low speed until blended. Top each serving with a small scoop of lemon sherbet; if desired. Makes about 2 1/2 cups.

Fresh fruit drinks are especially refreshing on a hot summer day —

CITRUS-PEACH JULEP

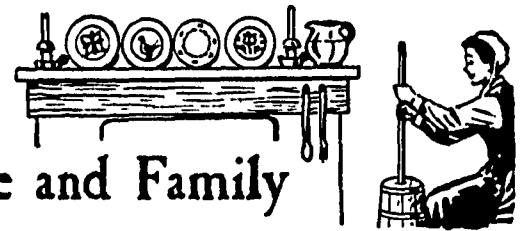

$\frac{3}{4}$ cup lemon juice
 $\frac{2}{2}$ cups orange juice
 $\frac{2}{2}$ to 3 ripe fresh peaches,
peeled and sliced
 $\frac{1}{2}$ cup sugar

$\frac{1}{4}$ cup honey or maple syrup
1 cup crushed ice
Cinnamon or nutmeg
Combine lemon, orange juice
and peaches in electric blend-
er. Cover and blend at high
speed until smooth, about 30
seconds. Add sugar, honey and
crushed ice. Blend at high

speed until frothy. Pour into
tall, chilled glasses and sprinkle
with cinnamon or nutmeg. 4
servings.

The femur, or thigh bone,
is the longest bone in the
body and is about a quarter
of the length of the body.

Ladies, Have You Heard? . . .

Worth Knowing About Rice

Rice no longer needs washing or rinsing
before cooking. The label on the package ex-
plains what to do.

Regular white rice swells to about three
times its original measure, processed rice to
about four times, and precooked rice to about
double.

You can refrigerate cooked rice for as
long as a week if it's stored in a covered
container.

In freezer wrap, cooked rice may be kept
in the home freezer as long as six to eight
weeks.

To reheat refrigerated or thawed frozen
cooked rice, put enough water in a saucepan
to barely cover the bottom —
about one tablespoon for each
cup of cooked rice. Add rice,
cover saucepan, and simmer
over low heat until the rice is
hot and fluffy — six to eight
minutes. If you prefer, bake
the rice, using the same
amount of rice and water, in
a covered pan 15 minutes in a
moderate oven, 300 to 350 de-
grees.

**Hints For Home Ripening
Of Peaches**

When peaches are not quite
ripe enough to eat, ripen them
at room temperature because
the fruit won't soften in the re-
frigerator.

When tender to the touch,
keep the ripened peaches cool
until ready to use.
Never put peaches in direct
sunlight to ripen — peaches
may shrivel and even decay.

For a quick treat for chil-
dren, put graham crackers on
a baking sheet. Sprinkle pea-
nut butter flavor chips on top
of crackers, then press halves
of marshmallows — cut side
down — onto the chips. Heat
in oven at 350 degrees about
five minutes or until chips are
soft enough to spread. Top
each cracker with another plain
one and serve the sandwiches
at once.

(Continued from Page 1)

tzfus, daughter of Mr. and Mrs. Melvin Stoltzfus, Ronks R1.

Reserve champion showman was Judy Flory, daughter of Mr. and Mrs. Lloyd Flory, Lititz R2.

HOLSTEIN BREED

A pair of three-year-old Reflection daughters were Judge Harris's choice for the top spots in the Holstein breed type judging.

El-Lyndo Reflection Alice was grand champion for Donald Bollinger. James Kettering, son of Mr. and Mrs. Henry Kettering, Lititz R3, had Henket Reflection Sara in the Reserve champion position.

Both of the eventual overall champion fitter (Earl Stauffer) and showman (Donald Bollinger) came from the Holstein breed winners. Junior breed showman champion was Jeffrey Peifer, son of Mr. and Mrs. Melvin Peifer, 1831 Hans Herr Drive, Lancaster. Edward Donough, son of Mr. and Mrs. Paul Donough, Mt Joy R2, was junior breed fitting champion.

GUERNSEY BREED

The same two entries that took Guernsey breed type championship and reserve championship honors at last year's county show did it again this year.

Har-Len Heroic Rosanna, (last year first place senior calf and grand champion) came back to win the senior yearling class and become the grand champion of the show for J. Nelson Landis, son of Mr. and Mrs. John Landis 1804 Hempstead Road, Lancaster.

Last year's first place senior yearling and reserve grand champion, Penn-Del Milk Maid, was first place two-year-old this year, and again took reserve grand champion honors for Peter Clair Witmer, son of Mr. and Mrs. Raymond Witmer, Willow Street R1.

Sue Mumma, daughter of Mr. and Mrs. Harry Mumma, Manheim R1, was the top Guernsey showman. The best in the junior division was John Jacob Bollinger, son of Mr. and Mrs. Jacob Bollinger, Lititz R4.

Fitting championships were won by Nancy Stoltzfus and Audrey S. Wanger (junior division) daughter of Mr. and Mrs. Charles Wanger, Quarryville R2.

JERSEY BREED

The grand champion Jersey, Hillacres Milk Boy Penny, was shown by Stephen Arrowsmith, son of Mr. and Mrs. William Arrowsmith, Peach Bottom. Penny was Junior Champion at the 1962 State Junior Dairy Show.

Promotor Design Sparkle was reserve grand champion for Jay Marvin Herr, son of Mr. and Mrs. Paul Herr, Holtwood R1. Sparkle was grand champion at the State Junior Dairy Show in 1964.

Stephen Arrowsmith also was top breed showman and Thomas Aaron, son of Mr. and Mrs. William Aaron took the top fitting award. Wayne Lefever, son of Mr. and Mrs. Richard B. Lefever was the junior winner in both fitting and showmanship for the Jersey breed.

AYRSHIRE BREED

Three-year-old Florydale Preferred Patsy was grand champion of the Ayrshire show for Judy Flory daughter of Mr. and Mrs. Lloyd Flory, Lititz R2. Patsy was 4-H grand champion at the Pennsylvania Fair Show in 1965.

James Esbenshade's Glenn Hurst Cor's Pride cow was the reserve grand champion. James is the son of Mr. and Mrs. Milton Esbenshade, Quarryville R1.

Two sets of sisters dominated the breed fitting and showmanship classes. Donna and

Egg, Milk, And Meat Prices Continue Climb

An increase in milk prices, with the help of advancing hog and egg prices, overcame an across-the-board decline for grain prices, to increase the cash returns to Pennsylvania farmers for the fourth consecutive month according to the Pennsylvania Crop Reporting Service.

Milk prices climbed to \$4.55 per hundredweight in mid-July from the mid-June price of \$4.30. The price is 5 cents higher than the same period a year ago. The rise in price is a seasonal trend which results when milk production falls during the summer months.

Hogs prices at \$23.40 per hundredweight continued to gain and are now on the highest level since July 1954 when the price was \$24.00. The mid-July price is \$1.10 above last month and \$6.10 over the July 1964 figure.

July egg prices at \$34 per dozen jumped 2 cents above a month ago and are on the same level as in 1964. While egg prices increased, prices for farm chickens remained steady. Broiler and roaster price fell slightly from .185 per pound in June to .180 in July.

All grain crops showed a price decline from mid-June to mid-July. Corn fell 1 cent to \$1.44 a bushel, wheat at \$1.31 fell 4 cents, oats declined 2 cents to 78 cents a bushel, and barley dropped from \$1.01 to 93 cents a bushel. However, except for wheat which is one cent lower than a year ago, all the preceding crop prices are above the 1964 figures for the same period. Alfalfa hay at \$34.50 was the only crop to show an increase in price from last month.

All Livestock prices, with hogs as an exception, declined. Steers and heifers dropped 50 cents per hundredweight from mid-June to mid-July to average \$23.70. Calves at \$26.40, fell 90 cents from a month earlier. Lamb and sheep prices also showed declines. Even with the monthly decline, livestock prices are still above the 1964 prices for the same period.

The Index of Prices Received which is a measure of the trend and change of prices received by farmers, was 236 percent of its 1910-14 base.

Marijane Eshleman, daughters of Mr. and Mrs. Kenneth Eshleman, Elizabethtown R1, won the fitting and junior showmanship classes, respectively.

Judy and Nancy Flory respectively captured the showmanship and junior fitting championships. They are daughters of Mr. and Mrs. Lloyd Flory, Lititz R2.

BROWN SWISS

Robert K. Wanner, Narvon R2, showed the grand champion in the Brown Swiss breed. The two-year-old winning entry is named Castle Hill's Nassa. Robert is the son of Mr. and Mrs. Guy Wanner.

The top placings follow:

HOLSTEIN Junior Calf

Donald Bare, 1801 Millport Road, Lancaster; Rhoda F. Stauffer, Ephrata R1, Donald Swinehart, Quarryville R1, Marlene Harbold, Elizabethtown R1.

Pennsylvania Flying Farmers . . . 4-H Club News

Mrs. Ruth Wilson, Nottingham, Pa., was crowned Penna. Flying Farmer Queen recently at Chester County Area Airport by retiring Queen Bertha Anthony, Rochester Mills, Indiana County, Pa. The Queen's court included Mrs. Wilson's three daughters, Lancaster County Dairy Maid, Miss Civil Air Patrol of Lancaster and several past Pennsylvania Flying Farmer Queens.

The new Penna. Queen is wife of Henry Wilson who operates a large dairy farm near Nottingham. They fly a 4-place Cherokee. Ruth has just passed her written examination and will have her private pilot's license soon.

Charles Raysor, Summit Aviation, Cessna dealer, Middletown, Delaware, presented the newly crowned Queen with a Cessna trophy and tiara. Each chapter Queen throughout the U.S. and Canada will compete in the International Flying Farmer Queen Contest in Omaha, Nebraska, August 8-12 sponsored by Cessna Aircraft Co. Queen Ruth will represent Pennsylvania in this contest.

The Aero Club of Chester County cooperated with Pennsylvania Flying Farmers in a joint program throughout the day. An aerial treasure hunt was conducted in the morning in which written instructions were opened at 400 feet elevation after the contestants took off from Chester County Airport. The contest involved careful identification of landmark areas in the county. Tom Keyes, president of the Aero Club, presented the awards. 1st place — Richard Johnson, Kennett Square, Pa., with Thomas Tay-

lor, Kennett Square, observer. 2nd place — Leebert L. Logan, also Kennett Square, Pa., and Doris Conklin, West Chester, as observer.

Following the day's activities, the group flew to the farm airstrip of David Huber, Peach Bottom, Pa. Mr. Huber is Vice President of the Penna. Flying Farmers Association. All enjoyed a barbecue picnic supper with roasted sweet corn after which a business meeting was held, followed by a showing of pictures of Flying Farmer activities.

4-H Dairy Judges Picked For Dist. Meet

The 4-H Dairy Judging team has been selected to represent Lancaster County in the southeastern district dairy show at Hershey on August 27, according to team coach Victor Plaster, associate county agent.

They are: Earl Wenger, Quarryville R1; Alfred Wanner, Jr., Narvon R2; Paul Brubaker, Lititz R1; and James Kettering, Lititz R3.

WHAT'S COOKIN' CLUB PLANS EXHIBIT

Plans for the 4-H Round-Up were made at the meeting of the What's Cookin' Club held on Wednesday at the home of the leader, Mrs. Willis Bucher, Lititz R2. The girls decided to take raised rolls for their exhibition.

They will make some this week and bring them to be judged, preparatory to making them next week for the Round-Up to be held on August 13th at the Penn Manor High School.

The girls in charge of food

HILLTOP STITCHERS END SEASON

by Donna McCoy, reporter

The Lexington 4-H Hilltop Stitchers held their final meeting on July 29. A mother-daughter party was planned for August 12. It will be held at the Brunnerville Fire Hall from 7 to 8 p.m.

Five club members recently took part in County Demonstration Day. Each won a red ribbon. They were: Maria Smith, Cindy Pelger, Candy Geivertling, Margaret Keith, and Donna McCoy.

MERRY STITCHERS

by Averil Royer, reporter
The Manheim Township Merry Stitchers 4-H Sewing Club met at Manheim Township High School on Thursday, Aug. 5, with 19 members attending.

Reports were given on the Ohio-Pennsylvania youth exchange program by Janice Keeney and Averil Royer, who spent last weekend visiting Ohio farms.

Mary Ellen Kettering gave a resume of the Club's trip to the Elizabethtown Crippled Children's Hospital on Wednesday evening.

Friday, August 6, the Club toured Rockford.

The Mothers' tea was scheduled for August 19 at 7:30 p.m. at the Farm Credit Bldg. Eileen Landis, Mary Ellen Kettering, and Averil Royer are planning the affair.

were Ann Bomberger, Barbara Keller, Joanne Spahr, and Barbie Stephen, they made and served beef barbecue, fruit salad and fruit punch.

Reba Shelly, the vice-president, was in charge of the meeting in the absence of the president, Margaret Grube.

EARL WENGER and his vo-ag teacher at Solanco High School J. Richards Wood, discuss his 12-acre, FFA corn project. The corn was planted about mid-May, cultivated twice, and sprayed with 2, 4-D. He also has a six-acre hay project on the family farm at Quarryville. L. F. Photo

● Earl Wenger

(Continued from Page 1)
acres; only corn, alfalfa, and some oats or barley. The farm is operated on a three to four-year rotation. All crops are contoured and stripped, and sod waterways are used liberally.

Earl has been active in his FFA Chapter, and currently serves as secretary. His brother, Robert, who also lives on the home farm, was the 1963-'64 secretary of the State FFA association.

Next to dairying, Earl's favorite preoccupation is probably sports. He has played on the Solanco High

School tennis team for 4 years, and plays softball in the FFA, and Church leagues.

He has also been active in 4-H work for the past seven years. He served as treasurer of the Southern Lancaster County 4-H Holstein Club last year, and is its president this year. He has been selected as one of four youths for the 4-H dairy judging team to represent Lancaster County in the district competition at Hershey on August 27.

In dairy show competition, Earl finished third at the district junior show in 1963; fifth in the senior yearling class in this year's county

show; has shown every year at Solanco Fair, scoring seven first and second place wins. Following graduation from high school, Earl plans to turn to help operate the home farm with his father and brother.

FARM WOMEN NO. 1

The Society of Farm Women No. 1 will meet on Saturday, August 7th at 1 p.m. in Petticoffer's Grocery R 4 with Mrs. Abram Bollinger and Mrs. Ira Shaffer as co-hostesses. Mrs. H. Nissly will be in charge of devotions.

PRE-SEASON CORN PICKER

SALE

SAVE

\$500.

UNTIL SEPT. 1

Picks and husks an acre of
150-bushel corn in 40 minutes!

McCormick INTERNATIONAL 2-MH

Now's the time to put your corn harvesting on a better-than-ever paying basis with a 2-MH corn picker and/or corn sheller at bigger-than-ever dollar savings.

When she freshens...

WILL SHE BE A TOP PRODUCER?

Management-for-profit the PIONEER way starts with feeding the dry cow. PIONEER feeding programs give to the dry cow the nutrients she needs to maintain body reserves, produce a vigorous, healthy calf, and freshen strong, ready to go into top production and maintain the pace right through lactation. The feed with the lowest price tag is not always a bargain. PIONEER feeds cost less because they produce more — earn greater profits. A dry cow, fed only 600 lbs. of PIONEER, may return as much as 2,000 lbs. more milk as a result, and 2,000 lbs. of milk at \$4/cwt. means a return of \$80 in extra milk production, a bonus profit.

There's profit in PIONEER. Stop in soon and talk over your operation with us. Remember, there's a PIONEER feed to fit your need.

COME VISIT OUR NEW MILL

we now offer Purina Check-R-Mix custom grinding and mixing service.

You're cordially invited to look over our modern Check-R-Mix mill, designed to give you fast custom grinding and mixing service. We are proud of the fact that our formula mixing service meets Purina's high quality control standard and carries Purina Research approval.

We also use the exclusive Purina Check-R-Mixer which shows exactly how much Purina Concentrate to mix with your grain to make a well-balanced ration for your livestock or poultry according to their age or weight.

We're looking forward to meeting you and serving you. Come see us soon.

"Dad says it's like baling money, so he got the best!"

Get big capacity and top quality with an Allis-Chalmers 303 Hay Baler!

The 303's wide 60" pickup handles light or heavy windrows—cleans the field! Twin-feed rakes move hay evenly into the baling chamber, comb out wads, to form tight, square bales. Grooves are formed on the bale to minimize twine or wire slippage. See the 303 and the complete line of A-C tools for haying!
